Re: Buy American Compliance

Alcan Cable products manufactured in the USA meet the guidelines established under the Buy American Act and the North American Free Trade Agreement.

Alcan Cable manufactures a comprehensive range of pre-fabricated wiring systems under the brand name MODEX®. All of these products are manufactured in the United States, are North American Free Trade Agreement (NAFTA) certified and comply with the Buy American clause of the 2009 American Recovery and Reinvestment Act.

Alcan Cable, over its 100 year history, recognizes the value of community and being a good neighbor. It is for this reason we promote and are actively involved in supporting the American dream through education, diversity, environmental health and safety, youth empowerment and community awareness.

Thank you for your support.
